Expressive Residential Interiors...

lasting value made easy

Capturing Elegance

Triarch materials work extremely well for the inspired homeowner. The expansive color palettes and patterns, abrasion resistance with no maintenance, LEED compliant environmentally friendly products, - all contribute to make Triarch materials an ideal choice for the discriminating homeowner. Original, creative and sensual, Triarch delivers bold statements or subtle ambiance. Shown below. Nashville residence with Spatula Stuhli® Venetian Plaster with Bianco Glaze (white gold)

Whether your tastes run to old world European, urban contemporary or classic American easy living, Triarch materials help to create the theme in a way no other materials can accomplish. (above: Rhode Island residence with Duroplex® Antigua DS II, below: Texas residence with Spatula Stuhli®) We have trained installers in your area.

## Oxidized Metallic

**Klondike™** delivers a unique, washable painted surface unlike any other. Klondike is easily applied by brush or plastic trowel by the homeowner or painting contractor. Klondike or Klondike Light provides an elegant timeless design statement.

## Stone Veneer directly applied to wallboard

**Granyte®** seamless stone veneers provide the look and touch of flame cut stone for a fraction of the price of slab stone. Made from natural stone in an acrylic resin, this product is in high demand for traditional and contemporary settings. Appropriate for interior or exterior use, Granyte is also suitable for use around fire places, exterior grilling and pool areas.
