Installer:	East Coast Remodeling

PONTE VEDRA BEACH, Fla. – This past spring, all eyes were on Sawgrass, the eminent golf destination home to the renowned THE PLAYERS Stadium Course and THE PLAYERS Championship. With \$56 million in sweeping enhancements and renovations to everything from the THE PLAYERS Stadium Course and the addition of a new TPC Sawgrass Clubhouse to an extensive transformation of the Sawgrass Marriott guestrooms, Sawgrass has reinforced its status as *the* iconic golf destination in the U.S.

In addition to the renovations at TPC Sawgrass, Sawgrass Marriott Resort & Spa, already acknowledged as one of the “Top 10 Best Golf Resorts in the World” by Travel + Leisure Golf Magazine, received a \$16 million enhancement of the guest rooms in the main tower of the resort. Each room was transformed into a Marriott “Revive” room, bringing guests a new level of service, luxury and indulgence. (*Information obtained at <http://www.sawgrassmarriott.com>*)
