A/D firm:	Ferry, Hayes, Allen Designers, Inc. <a href="http://www.fhadesigners.com">http://www.fhadesigners.com</a>
Installer:	Kinsey Contractors Inc

PONTE VEDRA BEACH, Fla. – At 77,000 square feet, the TPC Clubhouse is 40% bigger than the bigger than the White House. The majestic new 77,000 square-foot Mediterranean Revival style clubhouse will serve as the centerpiece for the world renowned TPC Sawgrass, home to the PGA TOUR's prestigious THE PLAYERS Championship. Blending elegant, old world charm with modern-day comforts and state-of-the-art technology, the clubhouse will provide PGA TOUR Players and their families, spectators, sponsors and Proud Partners with a one-of-a-kind hospitality facility during THE PLAYERS, as well as unrivaled banquet and meeting amenities for resort guests, individuals and organizations throughout the year. *(Information obtained from <http://www.tpc.com/sawgrass>)*

## Notable Project Profile

Job Name: **TPC**

Location: **Ponte Verde, FL  
(Jacksonville)**

Duroplex® in a TUSCANY DSII finish is the dominant wall finish throughout the two floors of the facility; however two ballrooms on the second floor feature Spatula Stuhhi™ OPACO in a chocolate colored effect. The TPC is located in the same development complex as is the Marriott Sawgrass (Antigua DS II), which was featured in a previous Notable Projects Report.

Duroplex® Tuscany DS II

Spatula Stuhhi™ Opaco (2 coat)
